FlashBit

User-Friendly, Precise, Reliable, and Long-Lasting Machine.

FlashBit is a mechanical key-cutting machine for bit keys, double bit keys, post box keys, and special keys. Solid and Accurate made with long-lasting materials, the machine guarantees reliable cutting of all types of bit keys.

Smooth carriage movements

The machine features an innovative release system to allow working with a free-moving or regulated carriage. The special tilting mechanism that combines a dedicated shaft and carriage movement ensures excellent flares on bit and double-bit keys.

Versatile use

The three-sided revolving clamps in the plus variant are for Bit and Double Bit keys with a special blocking system for Abus® and Abloy® type keys. Locksmiths can

Optional Accessories
Vertical Milling Adapter

use Optional Adaptors for widening the range: Vertical Milling Adaptor.

Optimized calibration

Flashbit is equipped with a tracer point adjustment system for fast, precise calibration.

Spring Loaded Tracer Point

Safe for the user

The on-off switch features a safety cut-out for user protection. The machine needs to be manually restarted after a power interruption.

Safety Switch

Cut keys finished perfectly

The de-burring brush in

'Tynex' is installed behind the protective shield.

Space Saving Solution
