

Silca Remote Car Key for Renault® RNR01

Remote Car Key
RNR01

Blades HU136, NE73, VA2
and VAC102 included

Silca is pleased to introduce a new reference for duplicating Renault® remote car keys: the perfect solution for replacing damaged or lost keys, or to have a duplicate in case of emergency.

What are the main features?

The Silca Remote Car Key for Renault® RNR01 has a similar design as the original key and is supplied ready-to-programme with the PCB and transponder included. The remote comes with four different blades to be fixed to the key depending on the vehicle model. The remote has three function buttons (lock, unlock, and boot release) and can be programmed with Smart Pro. The key is packed individually in a plastic clamshell for easy identification and hook display.

 The Silca Remote Car Key for Renault® has been produced in conformity with CE mark European standards.
